

Limited Lifetime Warranty

The Reel Screens product is warranted, to the original homeowner listed below, against defects, by the Certified Dealer who installed it, for as long as you own the product. This warranty is non-transferable. All parts are covered under this warranty. The screen mesh, however, is warranted for 1 year against manufacturer defects. This warranty is expressly limited to the replacement or repair of components having defects. This warranty does not cover transportation, removal and reassembly of the product. This warranty applies under conditions of normal use, but does not apply to defects that result in damage due to negligence or unreasonable use. To be eligible, the homeowner agrees to follow the normal operation and maintenance instructions listed below. All Reel Screens products must be installed by a certified Reel Screens installer and in accordance with the installation instructions. To find your local certified Reel Screens Dealer, please visit our website at www.reelscreens.com.

HOW TO USE YOUR NEW DISAPPEARING **REEL SCREEN**

When Opening: Simply pull the handle until the magnetic strips meet. Let go of the handle and enjoy.

When Finished: Release the magnetic strip by pulling the handle slightly toward you. This will break the magnetic seal ever so slightly and you may now carefully allow the screen to retract back into the housing.

Maintenance: Occasionally clean by using mild soapy water. Vacuum the bottom track regularly to avoid accumulation of debris and to ensure gentle operation of your screen. **PLEASE REMEMBER to always retract your Reel Screen when not in use. This will prolong the life of the mesh and keep the screen cleaner resulting in less maintenance.**
